To Whom It May Concern:

As a United States Citizen and tax-payer I want to make my opinion heard regarding the Microsoft Settlement. I believe the original lawsuit was politically motivated and clearly not in the interest of the American economy or anybody beyond Microsoft's competitors. The proposed settlement is reasonably fair and should move forward as quickly as possible. Delaying the settlement will only prolong the problems with the economy we are currently experiencing and hurt Microsoft and the IT industry even more.

Thank you,
